

Cloud Router 1100

Wireless N300 Router

Product Highlights

Greater Coverage with high-powered amplified wireless signal

Connect more devices with four Fast Ethernet ports

Stream and share files using the USB SharePort and free mobile app

Preset security with advanced WPA2 encryption

A separate guest network for additional security

Easy Setup with intelligent browser wizard and Quick Router Setup Mobile app

300Mbps performance for everyday activities – web surfing, email and file sharing

Control and monitor your network from anywhere with Cloud Services

Use SharePort™ to stream media from any USB drive to your mobile devices

Wireless N300 Performance for Everyday Internet Activities

The Cloud Router 1100 delivers up to 300Mbps for a fast, secure wireless connection – ideal for everyday Internet activities like web surfing, email and file sharing. The integrated high-powered Amplifier extends wireless coverage to every corner of your apartment or medium-sized home.

Remote Management with mydlink apps

Monitor your home network anywhere, anytime, on your smartphone or tablet using the free mydlink apps. See what websites are being visited, block unwanted device connections, and set up automatic email alerts when unauthorized connections are made. Parents can even check in to see what the kids are doing online. Take control of your network and experience the peace of mind mydlink delivers.

Package Contents

- Cloud Router 1100 (DIR-626L)
- Ethernet Cable
- Power Adapter
- Quick Install Guide¹

Minimum System Requirements

Computer with:

- Windows® 7, Windows Vista®2, Windows® XP SP2², or Mac OS® X (v10.4)
- Internet Explorer® v6, Mozilla® Firefox®, Google Chrome or Safari 4
- Network Interface Card

For Internet Access:

- Cable or DSL Modem
- Subscription with an Internet Service Provider (ISP)

Mobile Apps:

- SharePort Mobile App Requires iOS 4.3 or higher, and Android 2.0 or higher
- QRS Mobile App Requires iOS 4.3 or higher, and Android 2.0 or higher
- mydlink App Requires iOS 3.0 or higher and Android 1.6 or higher

Suggested Products:

- D-Link Wireless N Nano USB Adapter (DWA-131)

Features

- Remote Access: Remote access for network management in the palm of your hand with the free mydlink app
- Media Sharing: Wireless access your favorite media from a connected USB storage drive with the free SharePort Mobile app
- Coverage: Designed with high-powered amplifier to provide wireless coverage to every corner of your apartment or medium-sized home.
- Performance: Performance with wireless N300 and four fast Ethernet ports.
- Easy Setup: Intelligent setup using web browser wizard or with the free Quick Router Setup (QRS) mobile app

Stream and Share Your Favorite Media

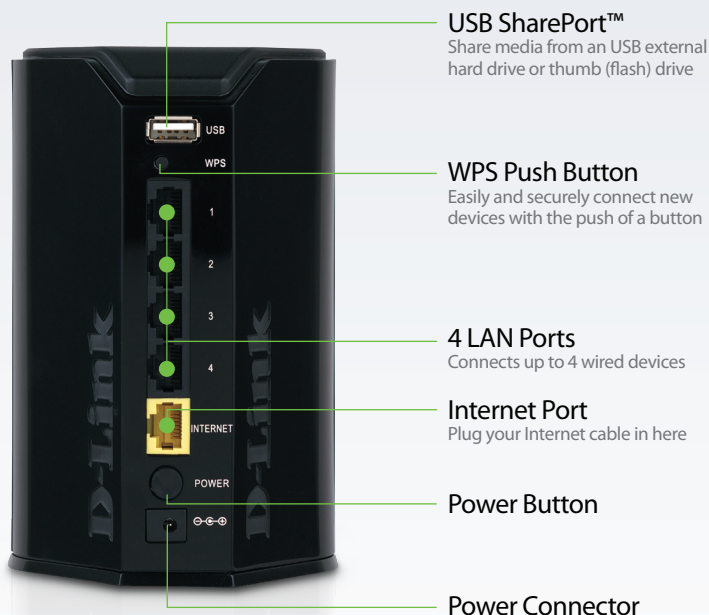

With D-Link's free SharePort Mobile app, you can stream and share your favorite movies, music and photos from any connected USB storage drive on your iPhone, iPad or Android device.

Easy WPS Push Button Setup

Quickly and easily establish a fast, secure home network that will have you browsing, streaming, and watching in minutes. It's as easy as push and connect!

Technical Specifications

Standards

- IEEE 802.11n
- IEEE 802.11g
- IEEE 802.11b
- IEEE 802.3
- IEEE 802.3u

Device Interfaces

- 802.11n/g/b Wireless LAN
- Four 10/100 LAN ports
- 10/100 WAN port
- USB 2.0 port

Security

- Wi-Fi Protected Access (WPA/WPA2)
- WPS™

Device Management

- Internet Explorer® v7 or Later
- Mozilla® Firefox®
- Google Chrome
- Safari 4 or Later

USB SharePort™

- Maximum 500GB USB storage size
- USB Drive format: FAT32 and NTFS

Mobile Apps

- SharePort™ Mobile
- QRS Mobile
- mydlink Lite

LEDs

- Power
- Internet

Power

- DC 12V

Operating Temperature

- 30° to 104° F (0° to 40° C)

Operating Humidity

- 10% to 90% non-condensing

Certifications

- FCC
- CE
- C-Tick
- IPv6
- Wi-Fi®

Dimensions

- 4.37" x 3.66" x 5.71"
(11.10 x 9.30 x 14.50 cm)

Weight

- 0.73lbs (330 grams)

Warranty

- 1-Year Limited Warranty⁵

¹ Latest software and documentation are available at <http://support.dlink.com>.

² Computer must adhere to Microsoft's recommended System Requirements.

³ Maximum wireless signal rate derived from IEEE Standard 802.11 specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range. Wireless range and speed rates are D-Link RELATIVE performance measurements based on the wireless range and speed rates of a standard Wireless G product from D-Link. Maximum throughput based on D-Link Wireless N devices.

⁴ 24/7 Basic Installation Support is available only in the USA for the first 30 days from date of original purchase.

⁵ 1-Year Limited Warranty available only in the USA and Canada.

⁶ Zero Configuration requires a D-Link Cloud Router and a Zero Configuration-enabled device.

All references to speed and range, including the performance chart, are for comparison purposes only. Product specifications, size, and shape are subject to change without notice, and actual product appearance may differ from that depicted on the package. See inside package for warranty details.
